A better way to work

How the company started: Established in 1999, MLinc Solutions brings expertise and innovative solutions to the settlement industry in the structuring of strategic relationships between service providers. Mark L Meyer (pictured below), founder and CEO, has always believed that complementary relationships make us stronger, both personally and professionally. Having previously spent several years operating a national mortgage originator with affiliations and service arrangements involving dozens of key industry players across the country, Mark developed a commitment to engineering business associations that are consumer friendly, business-smart and compliant (aka “Strategic Relationeering”).

How the company has changed the mortgage industry: MLinc’s Affiliated Business Arrangement (ABA) and Services Agreements solutions and related transformative offerings have brought hundreds of companies the independent expertise and diligence needed to confidently forge thousands of mutually-beneficial business relationships that are compliant with the Real Estate Settlement Procedures Act (RESPA). Specifically, the company’s ABA and Services Agreements Solutions provide tools, templates and videos for helping clients evaluate, sell and set up strategic relationships. And, MLinc’s industry-leading ComplyMSA, ComplyWSA, ComplyEvents and ComplyOffice offerings help companies value and verify services provided by business associates, including marketing activities, Web advertising, sponsored events, and office leases, to enhance RESPA compliance.

Collaboration between settlement providers is an important catalyst to creating a better homebuying process. In fact, properly structured relationships between complementary providers to a home purchase are one of the most important contributors to a buyer’s positive experience. Opportunities for compliant collaboration continue to evolve as

technology, buying behavior and regulatory interpretations change over time. MLinc helps clients stay on top of RESPA interpretations, and continues to innovate to help clients implement strategic arrangements that result in a more predictable, convenient, efficient and cost-effective purchase transaction for all.
